**LA FONDATION DU
MUSÉE DE L'ÉLECTRONIQUE ET DES
COMMUNICATIONS MILITAIRES**

Le Président du conseil d'administration
colonel S.C. Sibbald, CD (Retraité)

27 September 2021

Dear friends of the Military C&E Museum

Like you, I am proud of Canada's military C&E history, and love the way it is presented and celebrated in our museum. And like all of you who are veterans, families and affiliates, I am proud to have been part of that story.

During my 36 years of service, I allotted funds to the museum, and I have continued this support in retirement. As well, I sat on the Museum Foundation Board as a director for four years and as chair for three. I have decided to move on, and pass leadership along to new folks. Nominees are welcome, and will be elected at the Annual General Meeting at the end of October.

The greatest source of funds for our museum is, and always has been, the Foundation. This past year the Foundation contributed \$123,000 to the Museum's operation. This is your money, and it makes our museum possible. Thank you so much for all the ways you support us:

- Serving member allotments, which are easy and tax-deductible;
- Donations, either one-time or recurring, which are tax-deductible. You can even donate online, at mmfoundation.ca/donations;
- Organizing a fundraising event. If you have a good idea, go for it! If you are looking for a good idea, we have a ton that are just waiting for your leadership;
- Endowments in your will. The Foundation manages a considerable Endowment Fund, whose interest supports the museum, and whose donors are remembered in perpetuity;
- Purchase a Memorial Plaque in tribute to a dear one;
- Adopting a specific display in the museum;
- Joining the Museum's cadre of dedicated volunteers;
- Volunteering with the Foundation. Even if you don't live in the Kingston area, you can help with administrative and fundraising tasks; or
- Sitting on the Foundation Board. If you are interested, send me an email at steve@sibbaldfamily.com; I will pass along details and answer any questions you might have. Note that most of our directors *do not* live in the Kingston area.

See you at the Museum,

Steve
